ISO 9001:2015 Foundation (QMS) (eLearning) – CQI and IRCA Certified

ISO 9001:2015 is the global benchmark for Quality Management Systems (QMS), used by over 1.2 million organisations in 175 countries. This standard supports organisations in consistently meeting customer expectations, complying with regulations and enhancing performance through continuous improvement.

This CQI and IRCA certified foundation course provides learners with a clear and practical understanding of ISO 9001:2015. Delivered fully online, it is ideal for individuals and organisations seeking to embed quality thinking and a process-based approach into everyday operations. It also provides a valuable stepping stone toward more advanced qualifications such as Internal or Lead Auditor programmes. Offered in association with CQI and IRCA Approved Training Partner Antaris, the course is aligned with international best practices and provides a pathway to globally recognised auditing credentials.

What's covered?

This interactive eLearning course is structured across 11 self-paced lessons to provide comprehensive coverage of ISO 9001:2015 and its applications:

- Definition of “quality”
- Purpose and benefits of quality system standards
- Annex SL, risk-based thinking and the 7 Quality Principles
- PDCA and continual improvement methodology
- Relationship between ISO 9000, ISO 9001 and ISO 9004
- ISO 9001:2015 requirements through real-world examples
- Introduction to Annex SL across ISO 9001, ISO 14001 and ISO 45001

Who should participate?

This fully online self-paced programme is designed for anyone involved in the auditing, management, or implementation of a Quality Management System (QMS) that conforms to ISO 9001:2015. It is equally valuable for those who are new to auditing and for experienced auditors who wish to strengthen their skills.

It will benefit individuals who:

- Conduct, plan, or support internal audits of a QMS
- Manage, maintain, or implement ISO 9001:2015 quality systems
- Need to identify and address gaps in system effectiveness to support compliance
- Carry out supplier or external audits on behalf of their organisation

Typical participants include Quality Managers and Engineers, Department Managers and Supervisors and personnel responsible for supplier or process audits.

What will I learn?

By completing this fully online, self-paced course, learners are equipped with essential ISO 9001:2015 knowledge to support implementation or further auditor training. Learners gain:

- An understanding of how quality is defined and managed
- Insight into the ISO 9000 series and quality management principles
- Knowledge of ISO 9001:2015 clause structure and intent
- Familiarity with common QMS terms and definitions
- A working knowledge of the PDCA cycle
- Ability to identify business benefits of a process-based approach
- Contextual awareness of their organisation's quality risks and opportunities
- An understanding of ISO 9001 as a platform for Integrated Management Systems

These skills will enable learners to contribute effectively to quality initiatives and system implementation.

What are the entry requirements?

To maximise success, learners should review the following prior to beginning the course:

- [Quality management principles](#)
- [Benefits of ISO 9001](#)
- [Usage of the ISO 9000 family of standards](#)

This course is delivered through self-paced eLearning. Learners should be comfortable with online study and engagement.

How will I be assessed?

Assessment takes place throughout the course using self-evaluation quizzes, case studies and sample documentation exercises.

On successful completion, learners receive:

- SQT Certificate of Attendance
- CQI and IRCA Certificate of Completion

How do we train and support you?

Our methodology is centred around learner engagement, practical relevance and support:

- Self-paced eLearning modules through the SQT Moodle platform
